

context frames

view acquired at step 1
(pose tag: spot 3, direction 2)

Instruction: you may answer now or move the camera. Valid moves from here: Stop, Turn-Left, Turn-Right, Forward, Next-Spot. Reply with exactly one token.

Question: which of these objects (heater, trash can, door, cup) is the closest to the microwave?

Controller output (one token, from prefill logits):

Turn-Right [Stop 0.21 Forward 0.14 ...]
