

"What is the longest dimension of the exhaust fan, in centimeters?" (ground truth: 12)

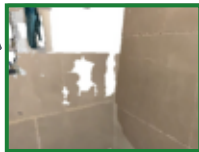

step 2: every continuation of *both* paths answers 14

path A, step 1 (conf 0.700):
answers 20 **X** (67% off)
**a single-path search
commits here**

path B, step 1 (conf 0.697):
answers 14 --- nearly tied,
retained as the second path

paths agree:
final 14
(17% off) ✓

single path:
20 **X**

a real VSI-Bench search: the most confident first movement is wrong; keeping two paths lets later observations correct it
